

## **REQUEST FOR EXPRESSION OF INTEREST:**

### **Detailing and construction of civil works associated with development of a micro-hydro scheme in Mulanje.**

SgurrEnergy and its partner Mulanje Electricity Generation Authority (MEGA) are developing a micro-hydro plant and associated 11kV & 400V power distribution grid in Mulanje.

#### **SCOPE OF WORK**

MEGA is requesting expressions of interest from suitable companies to undertake the detailing and construction of the civil work related to the hydro scheme. Specifically the contractor shall be responsible for the final detailing of the works, including any temporary works necessary to complete the services and -

1. Procure materials for and construct the intake, conveyance channel, penstock, turbine building and associated works.
2. Procure materials for and construction of the 11kV and 400V overhead power lines, step-up & step-down transformers to distribute power to our customers according to the relevant national standards.

The company to be selected is expected to be knowledgeable with direct experience in the construction of the relevant civil works and / or distribution power grids. You may submit your expression of interest for either of or both items 1 and 2 above.

#### **INVITATION TO FIRMS**

Eligible firms are invited to indicate their interest in providing the above services. Interested firms must provide information indicating that they are qualified to perform the services by providing the following information:

1. Description of three civil works projects completed by the contractor/firm (including locations).
2. Indication of key staff for managing the delivery of the services, including CVs.
3. Copies of certificate of incorporation/registration and registration with the relevant bodies (eg NCIC)

Expressions of Interest must be received no later than 13<sup>th</sup> June 2016 at 08:00 Central Africa Time.

Hard copies may be submitted to P.O Box 230, Mulanje, however submissions by email are preferred. Electronic copies may be submitted to email "gm at mega dot mw".
